## PARK

The Gurten – Park im Grünen is perfect for photo shoots. Brides wearing their dream dresses will find themselves in a fairy tale setting amongst the greenery.

On request, a wedding ceremony can also be conducted outside in nature. Let us know your requests and what you have in mind for your perfect celebration.

## PS. A GURTEN EVENT IS A SUSTAINABLE EVENT!

The Gurten – Park im Grünen actively promotes sustainability practices. That's why the company has been Swisstainable-certified since 2022 and also why the green areas of the Gurten have been recognized by the Nature and Economy Foundation since 2017.

Adopting a responsible approach to nature also means being consistent. Take a look at some examples that demonstrate our commitment to sustainability:

### IMPORTING BY SEA INSTEAD OF AIR

Importing vegetables by plane generates one-to-ten times more CO<sub>2</sub> emissions than importing by boat. In order to reduce CO<sub>2</sub> emissions, as of 2020, the Gurten – Park im Grünen no longer uses produce that has been imported by plane.

### GRAY WATER

The average Swiss citizen uses about 45 liters of drinking water every day just to flush the toilet. For some of its toilet facilities, the Gurten – Park im Grünen uses collected rainwater, thereby saving a considerable amount of drinking water.

### MINIMIZING FOOD WASTE

Thanks to improved purchasing processes, more efficient resource management and adapted services, the Gurten – Park im Grünen reduced food waste this year by 47% compared to last year. We now offer take-out buffet menu boxes so that guests can take any uneaten food home with them.

### NO FOSSIL FUELS

The Gurten – Park im Grünen does not purchase fruit and vegetables grown in greenhouses heated by fossil fuels.

### RENEWABLE ENERGY SOURCES

The Gurten – Park im Grünen uses renewable energy sources. The electricity for the entire area is drawn entirely from Swiss hydropower.

### HEATING WITH WOOD CHIPS

The Gurten – Park im Grünen heats its buildings by means of wood chips. Burning wood releases the same amount of CO<sub>2</sub> as is removed from the atmosphere by trees as they grow. Wood energy is therefore CO<sub>2</sub>-neutral.

## OVERNIGHT ACCOMMODATION AT THE MOUNTAIN HOTEL IN THE CITY

Our two lovingly furnished hotel rooms offer the happy couple the opportunity to enjoy an unforgettable wedding night. The rooms are creatively furnished in a fresh and modern style and finished with resplendent and luxurious touches. The magnificent, creaking wooden floor adds to the majestic castle flair.

Do you want delightfully quaint, round windows for letting down Rapunzel's hair or a bath with a rain shower? You can decide for yourselves where you would like to wake up as a royal wedding couple.

The rooms are named "äüä" and "ieu", after the words from the Bernese dialect, and are the ideal place to wind down as the evening draws to a close. In this former spa hotel, you are sure to feel like royalty and will also have the chance to enjoy our well-stocked minibar and a basket of regional specialties in your palace chamber.

### RECOMMENDATIONS FROM THE EVENT MANAGEMENT TEAM

If you require additional hotel rooms for your guests, we recommend the Hotel Ambassador Bern, located just two tram stops from the Gurten funicular.

- Plan an hour for yourselves on your wedding day so that you can catch a breather.
- Plan a welcome drink and snack before the wedding ceremony. This gives the guests a chance to get to know each other
- Bridal couples often forget to think about themselves amid all the excitement and hustle and bustle. Always keep a bottle of water to hand.
- How would you like a 6-liter bottle of red wine served from a decanter? Bring some pens and get your guests to sign the impressive bottle. A perfect memento to take home.
